**Background Information**

- 1.1 The Regional Spatial Strategy (RSS) for the South West is being revised by the South West Regional Assembly (SWRA) which is the Regional Planning Body (RPB) for the South West.
- 1.2 The Deposit Draft (Draft RSS for the South West) of the revised RSS was published for consultation on Tuesday 6 June 2006.
- 1.3 The Secretary of State has decided that an Examination in Public (EIP) should be held to discuss and test the Draft revision to the Regional Spatial Strategy (RSS) for the South West. The EIP is to be held by an independent Panel appointed by the Secretary of State. Jim Parke has been appointed as the Panel Chairman, assisted by Rhys Davies as Panel Member and David Lavender as Panel Inspector.
- 1.4 Further information on the EIP process is available in the **Notes for Participants** prepared to assist people who have been invited to participate in, or who wish to observe, the EIP and in PPS11. These Notes are on the EIP website:  
**[www.southwesteip.co.uk](http://www.southwesteip.co.uk)**
- 1.5 The deadlines for the submission of electronic and paper copy **written statements** are now - EIP weeks 1,2,3,4 & 5 by 5.00 pm, Friday, 2 March 2007 and EIP weeks 6,7,8,9 & 10 by 5.00 pm, Friday, 16 March 2007.
- 1.6 The Examination in Public will commence on Tuesday 17 April 2007 at 10.00 am and is anticipated to run for 10 weeks. It will be conducted in the Thistle Hotel, Exeter.
- Purpose of the Examination in Public**
- 2.1 The main purpose of the EIP is to provide an opportunity for a structured discussion and testing in public, of the Deposit Draft before an independent Panel appointed by the Secretary of State. The discussion will be guided by a selection of matters arising from consultation on the Deposit Draft revision and what the Panel considers it needs to hear
- 2.2 The broad questions selected by the Panel in consultation with the Government Office for the South West (GO-SW) and the SWRA are set out in the Proposed Timetable, Preliminary List of Matters and Participants. They are designed to stimulate discussion about the main elements of the consultation on the Deposit Draft. Potential Participants have been selected in consultation with the GO-SW and SWRA to ensure a broad mix of viewpoints on each Matter for discussion. In preparing written statements, and in discussion, participants will be asked to focus on the wording of the Deposit Draft and whether or not changes are required as well as the underlying issues.
- 2.3 The Examination is not a review of all the proposals contained in the Deposit Draft, nor is it a hearing of all objections. It will, however, ensure that there is public discussion of those major issues of concern where the Panel considers that an examination could usefully provide further information. As the EIP is directed at the discussion of selected matters, and not the hearing of all representations, individual objectors do not have an automatic right to appear. The Panel will consider all written representations relating to the matters being examined.
- 2.4 In preparing its report following the Examination the Panel will include recommendations for amending the Deposit Draft. When completed the Panel Report will be published. The Panel Report, together with all the other consultation responses, must be taken into account when the Secretary of State decides whether any changes need to be made to the Deposit Draft. The Secretary of State will publish any proposed changes in the light of the report allowing at least eight weeks for comment.
